

# SAFETY MEASURES PROTOCOL

## OUR TEAM

**STAFF TRAINING ON COVID-19 PROTOCOLS:** our team has been trained on COVID-19 safety measures to meet the Government protocols in case of any suspicion of covid infection.

**STAFF MEDICALLY TESTED:** our team will be tested regularly to guarantee that they are not covid infected.

**TEMPERATURE RECORDS:** our team is required to take and record their temperature daily; Wearing a face mask indoors and outdoors is mandatory in Spain.

## OUR OFFICE

**INDIVIDUAL AND GROUP MEETINGS:** meetings will be held in accordance with the rules of social distancing; All visitors (including participants) must disinfect their hands with the alcohol gel solution located at the entrance and go through a temperature monitoring process (contactless) upon arrival. Our staff will be monitoring the said procedures.

**DAILY DESINFECTION:** our working areas will be sanitized on a daily basis.

## ACCOMMODATIONS

**FAMILY:** They will stay in single room and the accommodation will provide with a bathroom exclusively for students.

Participants will need to wear the face mask at home during the first 10 days after arrival. Night curfew following the covid measures established by the Spanish Government. It is forbidden to bring any persons at the Spanish home.

It is forbidden to drink alcohol or smoke at home. In case of any covid symptoms, you will need to follow the Covid protocol established by the Spanish Health Department (inform the health center, isolation at the room while following the Health Center guidelines). Family has the right to expel the participant from home if they suspect about any improper behaviour that is putting the family in risk of infection.

**SHARED APARTMENT:** They will stay in single room and the accommodation will provide with a bathroom exclusively for students. Participants will need to wear the face mask at home during the first 10 days after arrival.

Night curfew following the covid measures established by the Spanish Government. It is forbidden to bring any person to the apartment. It is forbidden to drink alcohol or smoke at the apartment. In case of any covid symptoms, you will need to follow the Covid protocol established by the Spanish Health Department (inform the health center, isolation at the room while following the Health Center guidelines).

## PARTICIPANTS

**PCR TEST:** all participants must arrive with a negative PCR test done within the previous 3 days before arrival. They must show their negative PCR test to their ONECO coordinator.

During the introductory meeting, students will be given added information related to the pandemic situation, such as rules and good practices they should follow during their stay in Spain (leisure time, internship and accommodation) in order to prevent infection.

## HOSTING ORGANISATIONS

We ensure working with hosting organisations which have confirmed to follow the Covid prevention and safety measures established by the Spanish Law together with the usual security risk rules at the working placement.

## COVID-SAFETY KIT:

all participants will get a Covid – Safety Kit at the arrival day. This safety kit includes: a face mask, hand sanitizer gel and a COVID leaflet with Spanish Health Department Protocol and contacts in case of suspected infection.
